D

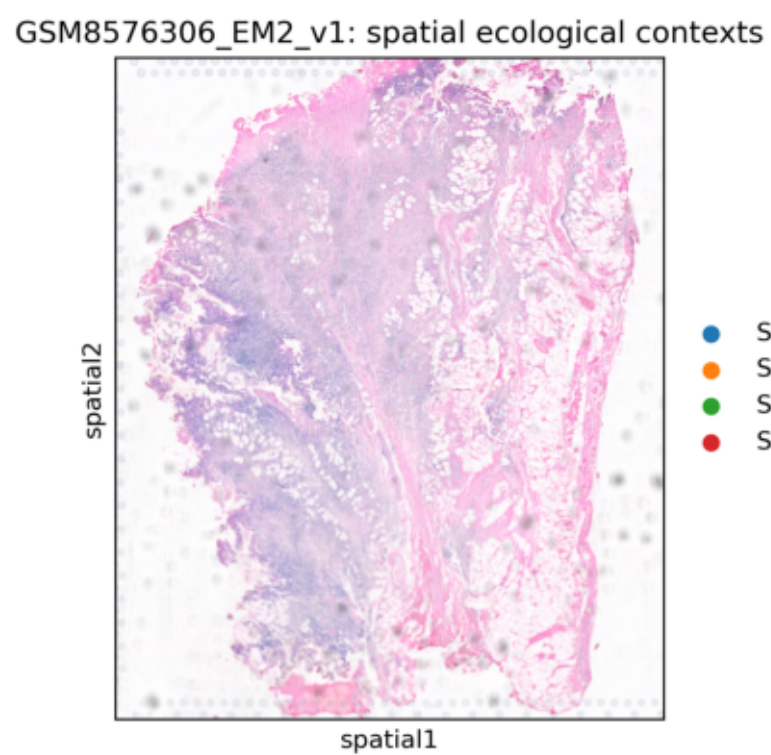

E

F

G

H Biological interpretation

- S1** Blast-committed myeloid / hypoxia-stress
BM-enriched
- S2** Primitive AML / HSPC-like
EM-enriched
- S3** Immune-suppressed monocyte-macrophage / B-cell
Shared/BM
- S4** Inflammatory stromal-vascular / ECM niche
EM-enriched
- S5** T/NK immune-active
EM-enriched
